A specialty of the Lamson Business College is the training of young men and women in those branches that have a special and direct application to the practical affairs of life.

The best positions in business are given to those best qualified to fill them.

A student of the Lamson Business College succeeds in securing and holding a lucrative business position. Some 8 or 10 students have been placed in positions during the last 2 or 3 weeks.

By beginning a course now you can be ready for a firstclass position by fall.

On every move for improvement. That's why we get new business, and still keep the old trade.

Remember, you get what you ask for at proper prices at

ONE OF KLEIN'S VICTIMS SAID HE WAS A DEVIL

The Trial of the Radio-Active Philosopher at Tacoma.

Tacoma, Wash., March 13.—During the trial of Joshua Klein, the "radio-active" philosopher this morning witnesses testified that Miss Culbertson, whom Klein is alleged to have assaulted, declared some time before the alleged assault that Klein was a perfect devil and that she could shoot him down like a dog. Witnesses also declared that she said on one occasion she certainly would have killed him if she had had a weapon after he had refused to permit her niece, Dora Sauvageot, to leave his chalet in Switzerland.

A letter purporting to be from Rose Karasick, the other Tacoma girl held in the chalet against the wishes of her parents, was introduced. It is peculiarly written with a mixture of capital and small letters, and contains several references to the "higher atmosphere," etc. The expressions and capitalization indicate plainly that the girl believes that Klein is a divinity. Klein said he was married and had two children, and that he was a specialist in nervous diseases. He declared he had spent \$400,000 of his own money for the relief of humanity in various ways, and denied emphatically that he had wormed money out of unsuspecting persons in support of his institution. He denied immoral practices at the Swiss chalet.

ITS GOOD IN KANSAS

Topeka, March 12.—The state supreme court decided today that the commission form of government for cities in Kansas is valid. The test was made in a suit from Wichita.

Mortgage Investments

\$135,400.00. This is the exact amount I have placed for my local and eastern clients in mortgage investments since December 1, 1908. This proves conclusively two things:

FIRST: That I have the confidence of certain investors, local and foreign, who are willing to place their loans through me and who have accepted what I recommend as safe.

SECOND: It also shows that a large number of persons in this valley bring their applications for loans to me because I am in a position to find clients with money to invest in good securities.

HAVE YOU MONEY TO LOAN?

I am receiving every day good applications. I have on hand now for sale mortgages for the following amounts: \$1,000, \$2,000, \$4,000, \$4,500, \$7,500 and \$12,000, each of which I recommended as absolutely safe. You can count on getting your interest every six months.

If you expect to have money coming in at any time in the future let me know and I will arrange in advance for its investment so that you won't lose any interest.

DO YOU WANT TO BORROW ON REAL ESTATE?

Come in and see me or write a letter, giving full particulars. Let me know as much in advance as possible. It may require a little time to find a lender who has exactly the amount you want or who will accept your security. I have to please my clients. Some of them insist on improved ranches and others on income city properties. I will always do the best I can for you and place your loan if the money can be obtained. The fact that in the past I have always been able to procure money on good security is my reason for believing that I can continue to do so in the future.

THE MAKING OF HISTORY

What Some of the Big Arizona Mines Have Done

MINES AND PROSPECTS

The Little Butte of Bouse Making History and Getting the Pace For Greater Things—A Wonderful Prospect.

Every great mine is a history maker. The old Vulture mine near Wickenburg made history for Arizona in the early days (the dark days of the Civil war), produced seventeen millions in gold.

Next came the great old Silver King mine in Pinal county, north of Florence, which made ten years of history for Arizona and produced ELEVEN millions in silver.

Next, the great United Verde (Senator Clark's mine) of Yavapai county, began its great career as a history-maker, producing gold, silver and copper, and up to date has paid twenty-four millions in dividends—in dividends, observe, not gross output.

The Copper Queen of Bisbee has been the greatest history maker of all. It is not only Arizona's greatest mine, but it has been the mother of great mines, such as the Calumet & Arizona, which has paid ten millions in dividends. The Queen itself has probably paid forty millions, but as it was, up till a few months ago, a close corporation, there is no public record.

The Old Dominion of Globe has been a history maker for forty years. The old Longfellow mine of Clifton was Arizona's first history maker in copper.

The Copper Queen has made the history of Southeast Arizona for a quarter of a century—all of it that is worth talking about. It founded the towns of Bisbee, where the mines are; Douglas, where the smelting is done; and of the new copper camp of Courtland near both. These three camps contain about a quarter of the population of Arizona.

The output of the United Verde in 1908 exceeded in value the total output of Goldfield by nearly half a million—yet the United Verde is Arizona's third mine, in the value of its output. The output of the Copper Queen group at Bisbee (all included) exceeded the combined value of the output of Goldfield and Cripple Creek in 1907 by four millions.

The output of the Copper Queen alone in 1907 exceeded in value the total output of all Nevada by five millions.

History Making Prospects. Nearly all history makers, whether humans, horses or mines, begin to show their pace at an early stage of their career.

Most great mines were great as prospects—not all, but most.

That was true of the Vulture, true of the Silver King, true of the United Verde, true of the Copper Queen, true

Dizziness A Danger Signal

Forerunners of More Serious Conditions of the Alimentary Tract

Invariably flatulence and dizziness indicate the beginning of serious troubles, stomach and intestine troubles usually follow which sooner or later develop symptoms of an alarming nature. Catarrh of the stomach, gastritis, constipation, piles, liver troubles and a general break-down of the health usually follow these symptoms when left to run their full course. When the stomach is not performing its proper duty the rest of the system is sure to suffer. As it is a well known fact that the stomach feeds the rest of the body and organs, therefore many other diseases may arise, either directly or indirectly from disorder of the stomach.

Whenever there is the slightest indications of flatulence or dizziness noticed it should be cared for at once that it may not develop more dangerous symptoms. Charcoal is an excellent remedy for the stomach, relieving flatulence by absorbing the poisonous gases that accumulate in the stomach, and aiding digestion and assimilation; it has a specific action upon this organ, and a very rapid and positive action on the system in general.

Charcoal has been used for several thousand years, both as a stomach regulator and an antidote for poisons taken in the stomach. The success of charcoal is unquestionable. The only remaining question is to get charcoal in the most convenient and palatable form. The F. A. Stuart Co. manufacture a charcoal lozenge composed of young willow wood charcoal and pure honey, making this valuable product convenient, palatable and perfectly harmless. A sample will be sent upon request, or Stuart's Charcoal Tablets can be had at any drug store. Price 25c per box. The F. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.

Newbro's Herpicide

Is the original remedy that "kills the dandruff germ"

WITHOUT dandruff the hair must grow luxuriantly, except in chronic baldness, which is incurable. Dandruff is a contagious disease caused by a germ or microbe. To eradicate dandruff, this germ—a tiny vegetable growth—must be destroyed and kept out of the scalp with Newbro's Herpicide.

Edna D. Allen

A Woman to be Pretty

A woman to be pretty must have pretty hair. Beautiful locks have a subtle charm, for the poet says, "fair tresses man's imperial race ensnare." The unpoetic and intensely real dandruff microbe makes the hair dull, brittle and lusterless with later dandruff, itching scalp and falling hair. Newbro's Herpicide destroys this enemy of beauty and enables the hair to resume its natural luster and abundance. Almost marvelous results sometimes follow the continued use of Herpicide. Overcomes excessive oiliness and makes the hair light and fluffy. It contains no grease or dye. Stops itching of the scalp almost instantly.

Discriminating ladies who have used Newbro's Herpicide, speak of it in the highest terms, for its almost magical effect upon the scalp, and also for its excellence as a regular hair dressing. It is delightfully fragrant and refreshing.

"I have found Newbro's Herpicide excellent for the hair. The first application stops itching of the scalp and it leaves the hair soft and silky."
(Signed) EDNA D. ALLEN,
Syracuse, N. Y.

Send 10 cents in stamps to The Herpicide Company, Dept. 10, Detroit, Mich., for sample and booklet. One Dollar Bottles Guaranteed. At Drug Stores. When you call for Herpicide, do not accept a substitute. Applications at Prominent Barber Shops.

The Hackett Market

Known all over this city and away beyond its boundaries as the 20th century, sanitary institution of Arizona, asks for your trade for more reasons than one. Just a few of them here:

First: Because no other market uses vermin-proof refrigerators;

Second: Because no other market keeps its meats behind glass;

Third: Because no other market sells genuine Spring Lamb, etc.

WHY YOU SUFFER WITH DYSPEPSIA

Here is a Cure For All Stomach Trouble

Gives Relief In Five Minutes and Thoroughly Regulates Your Stomach Before You Realize It.

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and stomach trouble? You crowd it with steaks and pastry, irritate its juices with spices and acids and expect this little four-ounce mill to do its work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in your stomach? That everything you eat turns to acid, stomach gas and stomach poison, putrefying the intestines and digestive canals, causing Bloating, Headaches, Dizziness and Indigestion, Heartburn, Nauseous Breath, Constipation and other more dangerous symptoms?

Call your disease what you will—Indigestion, Gastritis, Nervousness, Dyspepsia, Catarrh of Stomach, etc.—you know the real name, the real disease is fermentation of the food you eat—a sour Stomach, which belches gas and eructs undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your Pharmacist for a case of Pape's Diapepsin. Eat a triangle, and five minutes later your Stomach will do what a healthy Stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a Stomach. One triangle will digest all the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy stomach.

A reduction on all Suitings for the next thirty days. See our fine line of Spring Suitings and Trouserings.
